Multi-skilled Apprentice

£12,800

Coventry

39

Expert Technologies Group is the UK's leading manufacturer of industrial automation systems, assembly tooling, automated assembly, special purpose machinery and single and multi-robotic cells, including robotic assembly.

An exciting opportunity has arisen for the right candidate to secure full time employment while also receiving a Level 3 qualification.

Expert Technologies Group will provide all the necessary training, facilities and resources required for you to become a successful, qualified Multi-Skilled Engineer.

Key responsibilities will include:

- Participate in the scheme and work towards completion of all course work to complete the apprenticeship
- Work alongside the Maintenance Engineers to gain experience and knowledge of mechanical and electrical issues
- Work alongside Production Operatives to understand the common issues they encounter and work with Maintenance Engineers to improve/resolve
- Ensure that all manufactured goods meet the required standards
- Complete all necessary college work on time and to the correct standard

Skills required:

- Communication skills
- Organisation skills
- Attention to detail
- Problem solving skills
- Number skills
- Team working
- Initiative

Skills you'll develop at MGTS include:

- Producing components using hand fitting techniques
- Maintaining mechanical devices and equipment
- Maintaining fluid power systems
- Maintaining electrical equipment / systems
- Wiring and testing electrical equipment & circuits
- Wiring and testing programmable controller based systems

Future prospects:

Expert Technologies Group aims to offer roles to all successful apprentices at the end of their training agreement wherever possible.

This is a 4 year apprenticeship resulting in a nationally recognised
Level 3 Diploma in Advanced Manufacturing Engineering
& BTEC Level 3 Diploma in Engineering

Unlocking **Potential** Delivering **Performance**

Apply now...

...if you have or are predicted to gain:

5 x GCSEs (or equivalent). Grades must be A*-C+/9-5 for Maths and A*-C/9-4 for English, Science and two other subjects.

If you have completed AS, A Levels or BTEC National in Engineering and are looking for a challenging and rewarding career, we'd love to hear from you.

Scan the QR Code to apply.

mgts.co.uk/apprenticeships

Applicants who meet the necessary criteria will be invited to complete online assessments (Information Technology / Literacy / Numeracy / Spatial Relationships / Understanding Electrical Principles / Mechanical Reasoning).

Candidates successfully completing the online tests will then be asked to attend an interview with the MGTS Recruitment Team.

The next stage is for MGTS to arrange an interview for you with Expert Technologies Group to help you secure an apprenticeship placement.

Should you accept an apprenticeship offer from Expert Technologies Group you will start your 1st year of training at MGTS Coventry in September.
